

COSGROVE - Guest Chair

Installation Instructions

No Tools Required

Package Contents (Refer to Figure A)

- 1 - Upper Chair Assembly
- 1 - Four Leg Aluminum Base
- 1 - Auto-Return Cylinder

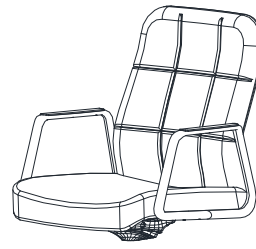

Installation Instructions

Note: Due to the product weight, it is recommended two or more people help with the installation of the chair.

1. Move the box into the final installation location and unpack in a clean environment.
2. Locate the base onto the floor and insert the auto-return cylinder into the base as shown in Fig. B.
3. Carefully position the upper chair assembly over the auto-return cylinder, aligning the hole in the seat control mechanism with the top tapered end of the cylinder as shown in Fig. C. When inserting the upper portion of the chair onto the cylinder, make certain the front of the upholstered seat is centered between two of the leg on the 4-leg base as shown in Fig. D.
4. Firmly apply weight into the seat to completely mate the components together.
